## Noon Raid On London Lasts Almost An Hour: 300 Nazi Bombers Driven Off By British Fighters

LONDON, Sept. 15 (Reuter).—London's first air raid today came about noon and lasted for almost an hour. Screaming bombs were seen to fall in a south-east district. Watchers atop London saw six enemy planes high up in the sky.  
Later fragments of an enemy plane were seen falling like leaves in the centre of London and three airmen baled out.  
Two enemy bombers were brought down in the London suburbs.

## GENERALISSIMO'S MESSAGE TO H.K. STUDENTS

A MESSAGE TO THE STUDENTS OF HONGKONG FROM GENERALISSIMO CHIANG KAI-SHEK in which he expressed optimism regarding Chinese resistance against the aggressor and urged Chinese youths to do their best in the interests of China, was brought back by a delegation of six students who returned from Chungking on Friday, after presenting a sword to the Leader of China.

The delegation comprised Messrs. Ha Kit-wah (representing Canton University), Young Kim-ping (Hongkong Students' Assn.), Chang Chee-wun (Shai Students' Assn.), Chu Hoi-kwun (Kwok Ming University), Lum Chee-ming (Y. M. C. A.) and Lam Chee.

The sword, which was made of steel, was subscribed for by the students in Hongkong. It had the monogram of Generalissimo Chiang on it and had been forged by a well-known local goldsmith shop.

Mr. Ip Chor-chung, secretary of the Central Kuomintang Party, received the sword on behalf of the Generalissimo who was busy on that day, but a few days later the delegation was granted an interview at which the above mentioned message was given them to take back to the Colony.

**COURTESY CALLS**  
While in Chungking the delegation paid courtesy calls on several high Chinese officials and also inspected several educational institutions. Among the officials they saw were Dr. H. H. Kung, Minister of Finance, Dr. Sun Fo, President of the Legislative Yuan, and Dr. Wal Yu-yin President of the Control Yuan. A vaudeville banner was presented to Dr. Wal by the students.

Mr. Ha told our representative at a Press interview yesterday that the people in the interior were very sympathetic toward the Allied cause and were anxious for a British victory.

Speaking of education in Chungking, Mr. Ha said that there were four universities there and all were still carrying on despite the Japanese raids. There were altogether about 8,000 students in Chungking. Although having to lead a hard life, and hand-

capped by lack of apparatus, the students continued their study unbroken in spirit.

**BACK TO INTERIOR**  
In an interview with Mr. Chen Li-fu, Minister of Education, the delegation was urged by the Minister to go back to the interior to help their country after graduation.

It was revealed that some 11 Hongkong University engineering graduates are at present working for the Chinese Government under the Department of Economics. The delegation left Chungking two months ago and toured various parts of China before returning to Hongkong.

An Air Ministry communique states that during Saturday's attacks bombs were dropped in the London area, South-East England and East Anglia.

One south coast town's town hall and hospital were hit. Casualties in London and elsewhere were very slight.

### CONSIDERABLE DAMAGE

During the early afternoon bombs were dropped in south-west London and several south coast towns where damage and casualties were slight except at Brighton, where several persons were injured, and Eastbourne where considerable damage was done to houses, and some people were killed and injured.

High explosive bombs were dropped in a town in North-West England and severe damage was done in and near industrial buildings.

About 300 Nazi bombers and fighters approaching from the south-east coast, made a desperate effort to reach London during two afternoon alarms yesterday. They were driven off by British fighters without, so far as is known, dropping any bombs.

### BIGGEST BATTLE

A witness described the battle during the second afternoon raid as the "biggest that ever happened here." It is estimated that about 200 planes were engaged in fierce battles above the clouds.

It is now known that bombs fell in the London area during the third warning of the day and a small fire started. There were some casualties.

A bomb also hit railings enclosing a church in the London area and shattered windows in the vicinity. Seventy-five people in the crypt of the church were all marshalled safely away. The church was built in the year of the Battle of Waterloo.

### FIFTH WARNING

The fifth warning was sounded when a big formation of German planes passed at great speed, high over the London area. They did not appear to have dropped any bombs and no guns opened fire.

In the fourth raid on London enemy planes dropped a number of bombs close to a bridge. About seven bombs were dropped at a south-east town yesterday by a German raider, being

## GERMAN INVASION PORTS ALONG FRENCH COAST ARE HEAVILY BOMBARDED

### Details Of Latest Hammering

LONDON, SEPT. 15 (REUTER).—THE GERMAN INVASION PORTS ALONG THE FRENCH COAST APPEARED TO HAVE BEEN HEAVILY BOMBARDED BY BRITISH BOMBERS LAST NIGHT.

The attack seemed to be fiercer than the previous night raids. Searchlights, parachute flares, flashes of bursting bombs and A.A. guns lit up the waterfront for many miles as endless explosions shook the Kent coast. The main objective appeared to be Calais. The Straits of Dover was calm and the wind light.

Details of the latest hammering of the German invasion bases are given in a bulletin issued by the Air Ministry news service which stated that operations lasted from soon after 9 p.m. (GMT.) until shortly before dawn.

The first sortie of night war was directed against the harbour of Boulogne, barges in the harbour basin were bombed in a series of low-level and shallow dive attacks and hits were also scored on adjoining wharves and jetties.

### LARGE FIRES

Several large fires broke out as a result of the bombing, one of which followed a heavy explosion accompanied by a brilliant red flash. At Ostend the docks were subjected to one hour's bombardment. Sticks of heavy calibre bombs flew across rows of barges and several crews reported the bursting of bombs followed by flashes of red and green flames and outbreaks of fire.

Incendiary bombs were also dropped on barges along the quayside starting a line of fires on one side of the outer harbour. The raid on Dunkirk began shortly after midnight, and repeated hits were obtained on tidal basins, on the railway yard inside the dock and on large buildings on three sides of the commercial dock.

Many heavy explosions were seen within the target area. At Calais, barges in the Carnot basin and in the west basin were wrecked by direct hits. Bursts were seen in many parts of the tidal harbour, on the dock buildings on the railway sidings in the southern end of the harbour.

Strong forces of raiders attacked docks and harbours at Antwerp where large numbers of barges were sighted in the middle of the river alongside the canal and in docks leading down to the river. Salvos of high explosives and incendiary bombs were dropped on these targets as well as on docks and quays.

During the previous afternoon the bomber forces successfully attacked a number of barges moored in the river at IJsselmond and a convoy of six or seven tankers, each of about 2,000 tons, which were sighted off the end of the Mole at Zeebrugge. In the attack on the convoy direct hits were scored on one vessel which exploded in a mass of flames and was soon engulfed in dense, black smoke.

## "Battered But Unbowed"

NEW YORK, Sept. 15 (Reuter).—What is regarded here as one of Britain's most testing weeks of the war ended yesterday with almost every American expressing his admiration for Britons and more especially for the bravery of Londoners.

The verdict of newspapers yesterday was "Battered but still unbowed." The activities of the Luftwaffe, however, is by no means given the monopoly of attention and the R.A.F.'s raids on Germany and German-held objectives receive equal newspaper prominence.

## "INVASION SEASON" NEAR CONCLUSION

LONDON, Sept. 15 (Reuter).—The most obvious fact after a week of the most desperate onslaught by the Luftwaffe is that its efforts to smash the R.A.F. as it smashed the Polish, Dutch, Belgian and French air forces as a prelude to over-running the country has hitherto failed. Far from being even worn down the strength of the British Fighter Command is actually higher than ever after six weeks of battle.

The "invasion season" is nearing conclusion.

These are the general conclusions of the week-end newspapers in their assessments of the past week's momentous events. The SUNDAY TIMES Air correspondent said that for the first time the Luftwaffe had to accept defeat—a defeat whose extent has not been fully realised.

For the first time the enemy has accepted failure in the main line of attack.

### MUCH CONJECTURE

Whether Hitler will, nevertheless, persist in the invasion plans is a matter for widespread conjecture but the general view is epitomised by an article by J. L. Garvin in THE OBSERVER.

He says that if Hitler means it, the madness would seem to lie in attempting any serious invasion of Britain before gaining full mastery of the air once and for all. It is impossible that he can do it soon enough.

Yet, if he is to come at all, he must dare it this week. The full moon and full tides are tomorrow and the weather may break at any moment.

Perhaps Hitler is masking Axis plans against Egypt and the Nile. Perhaps the man broods with deadly fanaticism on the thought of attempting at all risks a blow at Britain's own heart.

In a few days we shall know.

Maybe time has not seen more momentous days. We are ready—ready to meet them and beat them.

## Rumania Replies To Soviet

MOSCOW, Sept. 15 (Reuter).—Replying to the recent Soviet protest about the frontier incidents, the Rumanian Government has emphatically denied responsibility which it places on the Soviet frontier forces.

The reply adds that Rumania has taken measures to preserve good neighbourly relations.

## BRITAIN SEEKING U.S. CARGO VESSELS

NEW YORK, Sept. 15 (Reuter).—Britain has re-entered the American market for certain types of cargo vessels it is learnt in merchant marine circles, says the New York Herald-Tribune.

Mr. J. J. Walsh, West Coast representative of the British Ministry of Shipping, has, according to advices from San Francisco, made it known that a "limited number" of vessels in the 7,000 ton class or larger are being sought for immediate delivery.

## KOWLOON DOCK WORKER HACKED TO DEATH

A 37-YEAR-OLD EMPLOYEE OF THE KOWLOON DOCKS WAS MURDERED in the Hunghom district yesterday morning.

His body was found on the staircase of Nos. 35-37, Gillies Avenue, at the junction of Cooke Street, about 6.15 o'clock. The man, LEUNG YUK-KWAN, was attacked with a chopper and all the wounds were on the neck and head, according to a police report.

Leung, who was employed as No. 1 turner at the Kowloon Docks, was, it appears, in the habit of going to the Fung Tin teahouse in Bulkeley Street and he was apparently on his way there when he was waylaid from behind.

Shortly after the discovery of the crime, police officers, including Mr. L. H. C. Calthrop, D.S.P. (Kowloon), Det.-Insp. A. E. Carey, Insp. H. E. Rogers and Insp. C. S. Madgwick, and a number of Chinese detectives, were on the scene.

The motive and assailants are at present unknown.

The body was removed to the Kowloon Public Mortuary.

## BREMEN RADIO OFF AIR

LONDON, Sept. 14 (Reuter).—Bremen and Brussels radio both went off the air yesterday, indicating the presence of R.A.F. bombers over Germany and Belgium.

A German news agency statement says R.A.F. planes carried out a daylight raid on Germany. No details are available in London.

## WAR PRISONERS

ST. PAUL, Sept. 15 (Reuter).—A further contingent of Italian prisoners of war, consisting of 85 officers and 114 other ranks, has arrived in India.

## Six Raiders Downed In Chungking

CHUNGKING, Sept. 15 (Reuter).—Japanese aircraft at noon yesterday bombed the south bank of the Yangtze River, the majority of the bombs falling in the hills a considerable distance from the river.

Japanese aircraft never appeared over the city proper, merely passing over the outskirts. The bomb explosions were faintly audible here.

Meanwhile, an official Chinese announcement on the result of Friday's Sino-Japanese aerial battle above Pishan, north-west of Chungking, states that six Japanese bombers were shot down in the vicinity of Pishan and Tungling and many others damaged. Chinese losses in the battle include one aeroplane which failed to return to its base and one pilot killed. Three other pilots were wounded but managed to land their machines safely.

## CHINESE PRIEST MAKES TOUR OF WORLD

FR. JOSEPH LIU, A PRIEST OF THE PREFECTURE OF CHUMATIEN, HONAN, passed through Hongkong yesterday on his way to Shanghai after a four years journey round the world.

His tour was begun at the suggestion of the Apostolic Delegate to China, Archbishop Zanin, who was anxious that a Chinese priest should give to people of other nations the Chinese viewpoint regarding Catholic missions in China and the development of the native clergy there.

Fr. Liu expressed himself highly gratified with the reception that he received everywhere, and he believes that a great many people, especially Catholics, in other countries know more about China as a result of his journey.

Before leaving China, in 1936, Fr. Liu had been engaged in active work as a priest in Honan, for twenty-six years. He was Rector of a seminary for the education of Chinese priests, and the Prefecture of Chumatién, to which he is attached is staffed entirely by Chinese clergy.

In addition to being exceptionally well versed in Chinese literature, Fr. Liu is a man of very wide culture and has addressed audiences in English, French,

Italian and Spanish. His mission to other countries was to tell of conditions in China today with special reference to the Catholic Church there.

### NOT FOREIGN

Everywhere he stressed the fact that the Catholic Church is not a foreign institution in China, but has 3,000,000 members with 23 Chinese Bishops, and more than 2,000 native priests, 4,000 native sisters, and 7,000 seminarians preparing for the priesthood.

He addressed thousands of audiences, and often spoke several times in one day. He avoided all reference to political questions and in answer to all requests to

## RECREIO TAKE POINTS IN VALLEY ENCOUNTER: CRAIGENGOWER LOSE

RECORDING A WIN OVER CRAIGENGOWER CRICKET CLUB by the handsome margin of 22 shots, Club de Recreio "A," on Saturday, advanced within sight of their fourth successive First Division League Lawn Bowls Championship.

Craigengower, who last won the Championship in 1936, have now only a very remote chance of finishing at the top of the table. To secure the right to a play-off they will have to beat Police, Civil Service and Kowloon Docks, while Recreio will have to lose to the latter two clubs.

In other First Division games K.C.C. beat Civil Service, Kowloon Docks beat K.B.G.C., and I.R.C. beat the H.K. Football Club. Both the Docks and I.R.C. won by narrow margins, the former by only one and the latter by two shots.

In Second Division, Kowloon B.G.C. now at the top of the table, did not play on Saturday, while Talkoo advanced to within two points of the leaders with a 70-43 win over Civil Service at home. In other games, Kowloon Football Club beat Police, Hongkong Cricket Club beat Recreio, and Kowloon Tong beat K.C.C.

In Third Division, Prison Officers Club won an away match from Kowloon Football Club by 62 shots to 50, to retain leadership of the table. In the only other match played, Kowloon Bowling Green Club beat H.K.C.C.

### ODDS AND ENDS

Carlos Silva beat Rossetti by 30 shots to 10 to retain his 100 per cent. skip's record for the season and is well on his way to winning his second Skip's Championship in two years and his third in the last six years. A. Jillett, recording a 16-13 win over J. Smith of K.F.C., won the Third Division Skip's Championship.

A "possible" was recorded by A. J. Kew's Kowloon Tong rink (H. A. Castro, A. E. H. Castro and J. N. Wong) against H. Overy's K.C.C. rink in Second Division.

## SWIMMING TOURNEY

A successful swimming gala in the form of a quadrangular contest between European Y.M.C.A. Juniors, Royal Scots, Middlesex and Royal Corps of Signals was held on Saturday night last at the "Y" pool, resulting in a close win for the home team.

The issue was in doubt until the final event, the Medley Relay, when W. S. Gegg clinched matters for the "Y" with a magnificent breast stroke effort thus blasting the Royal Scots' hopes for premier honours.

One of the best and closest races in the evening was the 200 yards free style which was won by 2/Lt. Hunter (Royal Scots) after a thrilling duel with Thomson of the "Y" who was only beaten by a few feet.

An excellent standard of diving was set up by Saunders ("Y") who, despite stern opposition, took first place.

In the two remaining "Y" championship events—Throwing the Water Polo Ball and 220 yards free style—R. Goldman annexed the first event by surprising the crowd with two magnificent throws which went well out of the bath.

In the 220 yards free style, L. A. Benn came home an easy winner, beating Johnston, the only other competitor, by more than 25 yards.

Towards the close of the programme an interesting display of life saving methods was given under the direction of P.S.M. Ure of the Middlesex Regiment.

Commentator during the exhibition was Inspector R. J. Hunt, representative of the Royal Life Saving Society.

## NO CRICKET LEAGUE THIS YEAR?

The annual meeting of the Hongkong Cricket League will be held this evening at the Urban Council Chamber, Post Office Building, when it is understood, a proposal will be put forward that League cricket be dropped entirely for the coming season.

As there does appear to be some demand for League cricket, even in modified form, it is unlikely that the proposal will meet with much support. Whatever modifications may have to be made, cricketers are looking forward to a League this season in some shape or form.

The meeting today will commence at 5.15 p.m.

## Forthcoming Colony Swimming Championships

Wilfred Lawrence, of the Victoria Recreation Club, Colony swimming champion, of whom so little had been seen this season, will be defending only one of his titles—the 100 yards Back stroke—in the Annual Colony Championships to be held at the V.R.C. on Sept. 25, 26, and 28.

As both Ng Nin, Singapore champion free stylist over the 50 and 100 metres and Charles Huang, holder of the Shanghai 220 and 440 yards free style this year are competing, the meeting promises to be exceptionally good.

Interest in the meeting will be further increased by the introduction of the "butterfly" stroke, which has hitherto been banned in the breast-stroke championship. Enrique Chaine, holder of the breast-stroke title will have to contend with entrants using the butterfly-stroke this year.

Judging by the speed obtainable by swimmers using this new stroke, E. Chaine's hopes of retaining his title are remote but nevertheless interest has arisen as to whether the "old" could prevail against the "new."

**LADIES EVENTS**  
In the Ladies events, Miss V. Churn, present Colony champion, will find stiff opposition from two of the best Chinese swimmers—Miss Lee Po Luen (S.C.A.A.) and Miss Ko Mui Ling (Lai Tsun) who have both given exceedingly creditable performances on many occasions.

While most of the Chinese Clubs are represented, it is noteworthy that Eastern A.A. for some reason unknown, are not competing in any of the events, although they have in their ranks some of the fastest sprinters.

With the Interport contest against the Philippines now fixed for October, competition should be keener than ever this year as the

hopes of being included in the interport team will rest on the respective performances of the competitors at the championship meet.

## HOCKEY TRIAL

European Y.M.C.A. held their third hockey trial on Saturday, an interesting game resulting in a draw, each side scoring three times.

With the material at their disposal this year, "Y" hope to field a well-balanced first team, and a second eleven much stronger than last year's.

The most prominent players in Saturday's trial were Waldron, who played a sound game for Whites at right-half, and Pennington who played centre-half for the same team.

Colours opened the scoring through Gemmell, but before the interval MacKay equalised for Whites.

The teams were:  
Whites:—Benwell; Killen and Saxby; Spenceclay, Pennington and Waldron; MacKay, Grant, Taylor, Irson (first half), and Jordan (second half).

Colours:—Fishlock; Dormer and Yourleff; Croft, Bates and Smits; Swinburne, Gemmell, Dunne and Banks.

## "GREEN HELL"

Hollywood has made a jungle picture in which the jungle is not the star, but rather the background for magnificent acting. It is a story of seven men, and one woman pitted against Nature and, at times, even against each other.

That is "Green Hell," Famous Productions' new Douglas Fairbanks, Jr.-Joan Bennett picture which opened yesterday at the King's Theatre.

Young Fairbanks comes through with an intensely sympathetic, restrained and yet forceful char-

acterization of the woman-hating bachelor who battles with himself to keep from falling in love at the same time he is battling the jungle to keep alive.

Joan Bennett has an acting part worthy of her great dramatic heritage. And she more than lives up to her role.

James Whale has done an excellent job of directing, achieving a maximum of suspense and action from Frances Marion's powerful story, the first to be produced by Harry Edington's Famous Productions for Universal release. And Karl Freund's photography is of the same artistic calibre that won him two awards.

## BRITISH FORCES READY FOR EGYPT INVASION

### Italians On Defensive In Libya: Troops Harassed

LONDON, Sept. 14 (Reuter)—It was authoritatively stated in London yesterday that the Italians have not begun an offensive on the Libyan-Egyptian frontier and are apparently engaged in strengthening their covering forces.

In spite of their numerical superiority in Libya, the tactics of the Italians in contact with our forces have from the outset been strictly defensive.

All operations that have so far taken place have been on the Italian side of the frontier, but the British have carried out a number of raids into Italian territory.

In the northern sector these raids have only penetrated a comparatively short distance such as to Capuzzo, but on the southern sector the British mobile forces have pushed forward much more deeply, harassing the Italians right flank and rear.

The Italian policy has been to push gradually forward dumps of petrol, ammunition, food and water and form posts to defend them. Their policy in doing this may be to re-occupy territory and is consistent with the policy of ultimately taking the offensive.

#### COVERING TROOPS

These troops along the frontier are covering troops to protect, and as far as possible, to conceal at any rate from ground observation, what is going on behind them.

In the northern sector, the Italians earlier on held on to posts such as Capuzzo, but in the southern sector they had to start much further back and one of the first posts they made was at Gaber Saleh.

From here they had recently pushed on to Sidi Omar which is

### ROYAL CHAPEL WRECKED

#### Altar Buried Under Brick And Rubble

LONDON, Sept. 14 (Reuter)—The Royal Chapel in Buckingham Palace, says Reuter's correspondent who visited the scene yesterday, is a Victorian addition at the south corner of the original building, and the bomb which fell on the Chapel was a 100-pounder.

It made a comparatively small hole in the roof but burst with terrific force on the floor which collapsed into the workroom beneath where four workmen were injured.

Nothing remains of the Chapel's floor while the altar was buried under brick and rubble. The Royal seats, the organ and choir seats escaped damage.

#### MAIN BURST

Damage in the quadrangle of the Palace is a double crater of no great depth and there is a third crater against the south wall near a corridor used mostly by Ambassador guests.

In addition, it is understood, a water pipe burst, water flowing into some of the rooms and causing slight damage to carpets and pictures.

### EMPRESS LINER HIT BY BOMB

#### "ASIA" MISTAKEN FOR TARGET

SHANGHAI, Sept. 15 (Reuter)—The Canadian Pacific liner Empress of Asia was hit by a dummy bomb from a Japanese naval plane which mistook the liner for a target during exercises yesterday, according to a Japanese Navy Office communique, stated the Japanese news agency Domei in Shanghai last night.

Four members of the Chinese crew were slightly injured and damage to the liner stated to be small.

The incident took place off Oshima Island, 80 kilometres south of Yokohama, at 1.30 p.m. yesterday.

The liner is now in Yokohama.

### GREATER U.S. AID FOR BRITAIN

WASHINGTON, Sept. 14 (Reuter)—Senator Pepper said yesterday that the United States should send greater aid to Britain—more warships, aircraft and supplies and, if necessary, army and navy equipment.

## BOMBING OF TEL-AVIV

### Wanton Slaughter Ires Palestine

LONDON, Sept. 14 (Reuter)—Deaths caused in the recent bombing of the open city of Tel-Aviv have now risen to 119 killed and 160 injured, mostly Jews. Among the victims are 80 children. The British Red Cross of Jerusalem and Order of St. John have sent \$500 for the relief of the victims.

A wave of fury has swept Palestine at this wanton slaughter, and in the Arab world the bombing is taken as clear evidence that the Italians, foiled on sea, land and in the air, are now resorting to despicable and cowardly methods of waging war.

The Arab press in Jerusalem expresses deep sympathy for the Jewish victims and their families. As one leading Arab daily paper puts it:—

"Such evil outrages are contrary to all humanitarian principles and repugnant to the faith of Islam."

## SPITFIRES OUT OF SCRAP

### Executioners' Swords For Melting Pot!

LONDON, Sept. 14 (Reuter)—A few weeks ago, housewives all over Britain gave the Government their aluminium kettles, pots and pans and it is now reported that enough was collected to make 1,000 Spitfires.

Pots and pans handed in on July 10 were in the air two weeks later as spare parts.

In addition, to the McCoy, all sorts of "aluminium" which housewives thought might be useful came in—including pewter, Turkish bayonets and swords used by Chinese executioners.

Metal from a Zeppelin shot down in the last war was found to be pure, but parts of Nazi machines brought down in this war are found to be of little use, as the aluminium content is so small.

### WILLKIE PLEDGE

CHICAGO, Sept. 14 (Reuter)—In a speech in Chicago yesterday, Mr. Wendell Willkie, Republican candidate for the Presidency, pledged himself not to send Americans to fight overseas.

He wanted to make liberty free, he said, and to make the country so strong that no dictator would be able to strike at it.

## MYSTERIOUS NAZI ACTIVITIES IN BALKANS

### RUSSIAN-GERMAN CLASH?

BUCHAREST, Sept. 14 (Reuter)—Much speculation has been aroused by reports from the Balkans of mysterious Nazi activities in Yugoslavia and Rumania, and there is a hint of a Russian-German clash of interests.

In Yugoslavia a Nazi "rest-house" has been constructed outside Belgrade. Reason given by the Germans for the establishment is that it will accommodate repatriated Germans from Bessarabia.

It is not explained why it has been necessary to build a radio transmitting set and a hospital for 400. The work of construction was carried out by German volunteers.

The "rest-house" is situated only a few yards from the King Alexander Bridge across which passes the main route from London to Istanbul.

The establishment is guarded by Nazis wearing swastika armbands.

#### BESSARABIA EVACUATION

Another 1,500 uniformed Nazis are now in the Danube port of Galatz ostensibly in connexion with the evacuation of Germans from Bessarabia. It is said they will organise the transfer of 90,000 members of the minority in Bessarabia and north Bukovina.

It is pointed out, in Bucharest, that the Soviet demarche to Germany regarding the Danube clashes for the first time with the German contention that the rest of the territory remaining to Rumania comes within Germany's economic sphere of interest.

## Damning The Duce

Those who wish to say something rude about Mussolini cannot improve on the following, by A. G. Macdonell, in a recent number of "The Bystander."

"Let me jot down one or two facts about Mussolini. He was a passionate advocate of Italy's entry into the last war but was determined with equal passion that he himself should not enter into it. He was, however, pinched by the military authorities and showed into uniform. He did not become a corporal. He did not fight in the front line. It is true that he received forty-two wounds, but that was because he accidentally dropped a bomb which made forty-two punctures in his very considerable behind. He did not destroy Bolshevism in Italy because Bolshevism was on the wane before he ever came to power."

#### BUSTLING ALONG

"Let us continue the catalogue. He did not lead the march to Rome, but waited in North Italy until the marchers had successfully arrived, and then he came bustling along by train. His first military exploit was the bombardment of Corfu in 1923, and the killing of some refugees. His next feat of arms was the murder in revolting circumstances of the Socialist Matteotti."

After Matteotti had been killed in a way that I could not describe in print Mussolini went to Matteotti's wife and swore with tears in his eyes that he had no idea what had happened to her husband.

"A little later on he signed a treaty of friendship with the Emperor of Abyssinia, and then de-

## NAZI ATTEMPT ON LIFE OF KING AND QUEEN

LONDON, Sept. 14 (Reuter)—Anger at the deliberate German attempt to kill the King and Queen has been expressed all over the world, and messages of congratulation over Their Majesties' escapes continue to be received in London.

Yesterday the Polish President the Prime Minister of Northern Ireland and the Duke of Windsor all sent telegrams to London.

"Mr. Mackenzie King, Premier of Canada, in a message to the King and Queen expressed the gratitude of the people of Canada to Providence for the preservation of Your Majesties' lives."

He added: "No enemy attack could have served more completely to stir the heart of every part of the British Commonwealth than one so clearly designed to destroy the lives of their King and Queen."

#### NAZI EXCUSES

Meanwhile the Nazis continue to produce new excuses for the bombing of Buckingham Palace. Latest is that the German planes were trying to bomb "an oil depot near Buckingham Palace."

This is described in London as a belated and foolish attempt to justify an act of barbarism and a psychological blunder. There is no oil depot anywhere near the Palace.

It is recalled in London that the Nazi newspaper Hamburger Fremdenblatt two days ago said Germany would score her first victory if the King and Queen could be forced to leave London.

## NAPOLEON AND ADOLF

The careers and personalities of Adolf Hitler and Napoleon I, Emperor of the French, resemble each other in various ways.

Like Napoleon, Hitler has grabbed a lot of land by sudden diplomatic and military moves, usually without warning.

Both Napoleon and Hitler came from humble beginnings, and were self-made men. Tremendous ambition spurred Napoleon throughout his life; tremendous ambition seems to be Hitler's mainspring.

But there are important differences between the two men, too, both in their inner natures and their outward lives.

Napoleon was primarily a soldier. He first came to top-flight prominence by dispersing a revolutionary mob in Paris with the famous "whiff of grapeshot" of October 4, 1795, or 13th Vendémiaire as the French called it under their then calendar. Napoleon was his own best general.

Hitler is primarily a politician though he served as a corporal in the German Army throughout the war of 1914-18. He came to power by the propaganda and organization methods of the politician.

He doesn't go out to battle with his troops; leaves that to his generals—of whom he evidently has some who are very talented.

We hear little about these generals personally. Hitler evidently preferring to keep the limelight for himself and his fellow politicians. That was a mistake which Napoleon never made. He let his generals—Massena, Moreau, Murat, Ney and the rest—get some glory for themselves, which naturally kept them loyal to the big chief.

On the other hand, Hitler has not yet made Napoleon's parvenu, social-climber mistake of marrying a princess and shows no signs of wanting to. Nor has Hitler a lot of brothers and sisters whom he feels called on to set up as kings and queens of this and that conquered territory.

Napoleon was heavily burdened by the stupidities of his brothers, and tried his best to meet them, to his own injury in the long run. There is another point on which the careers of Napoleon and Hitler may come to resemble each other in the future sometime.

Napoleon's last defeat was Waterloo, in 1815; but his downfall began in 1812, and what put him on the slide was Russia. He and Tsar Alexander I pledged eternal friendship and a division of all Europe in 1807 at Tilsit; Napoleon invaded his one-time ally's country five years later, and met irreparable disaster.

Tyrant combinations have been busted before; they can be again. ("Sunday News," New York.)

peror of Abyssinia, and then de-luged Abyssinia with mustard gas. Then he promised Mr. Chamberlain that he would do nothing to alter the status quo in the Mediterranean, and within a month of two invaded Albania on a Good Friday.

# NOT DIFFICULT MATTER FOR LANDLORDS TO DEFEAT OBJECT OF ORDINANCE

## Judgment In Macdonnell Road Rent Claim

"I HOLD THAT SECTION 4, 5 AND 6 (OF THE PREVENTION OF EVICTION CONSOLIDATION AND AMENDMENT ORDINANCE) are appropriate to cover cases where the original tenancy is subsisting and during that period the landlord demands an increase.

"In my opinion they cannot be stretched to cover cases such as this one where the tenancy has expired and the landlord, being entitled to possession, enters into a new tenancy agreement.

"If I am right in this view it is apparent that it will not be a difficult matter for landlords to defeat the object for which this Ordinance was passed."

## FUNERAL OF MR. LI YAU-TSUN

The funeral of Mr. Li Yau-tsun, C.B.E., J.P., who died on Monday at his residence after a brief illness, took place on Saturday morning.

The cortege started from his residence at No. 86C, Bonham Road, at 10 a.m. heading for the east to Calne Road. It turned down by Arbuthnot Rd., passing Wyndham Street and Ice House Street, and then turned to Queen's Road Central. In front of China Building an oblation was held. The procession arrived at the Yat Pit Ting Pavilion at noon.

At the Yat Pit Ting Pavilion, there were a band of the Aberdeen Industrial School, a company of St. John Ambulance Brigade and 1,000 students from the Aberdeen Industrial School, the Nam Hoi District School and the To Kwan School. Wreaths were sent by many well-known persons in the Colony, 15 lorries being needed to carry them.

An outstanding feature of the funeral was the orderly procession. There were only two bands and wreaths were not carried by coolies but were placed on several trucks with the names of the donors listed in a glass frame on the hood of the vehicle. The wheels also had flowers and the utter simplicity of the whole procession was most effective.

Thomas Tam and Mrs. Tam, Hon. Sir Shouson Chow, Sir Robert Ho Tung, These words were spoken by Mr. Justice Williams, Puisne Judge, in the Summary Court on Saturday morning when he gave judgment for Miss Julia Woo, owner of No. 8 Macdonnell Road, who brought a claim for \$320 from Mr. P. V. McLane, her tenant, as rent for the month of July, 1940.

Mr. D. McCallum represented the plaintiff and Mr. F. H. Loebe appeared for the defendant.

**FULL TEXT OF JUDGMENT**  
Giving judgment, his Lordship said:—

"In this action the plaintiff, owner of No. 8, Macdonnell Road, claims \$320 from the defendant, her tenant, as rent for the month of July, 1940.

The facts from which the claim arises are briefly as follows:—The previous tenant first occupied the premises as tenant for the term of one year from April 1, 1938, at the rental of \$260 per month. On April 1, 1939, he leased the premises for a further year at \$300 per month. In August, 1939, he informed the plaintiff that he was being shortly transferred to Shanghai and requested permission for defendant to take over the lease.

Correspondence ensued and the plaintiff consented to the assignment of the remainder of the term to the defendant. The term ended on March 31, 1940.

On March 29, 1940, solicitors for plaintiff informed defendant of the approaching expiry and asked whether he desired a new lease, stating plaintiff was willing to grant a lease for one year at \$320 per month. On April 1 defendant replied that he was willing to take a new lease or rent the premises on a monthly basis but he considered \$320 unreasonable as the assessor to whom he had applied under Section 6 of the Prevention of Eviction Consolidation and Amendment Ordinance, 1939, for a certificate of fair rent had given \$278 as a fair rent.

On April 2 solicitors for plaintiff replied that the Ordinance had no application to such a case and plaintiff would not accept less than \$320. On April 5, defendant wrote agreeing to lease the premises for a year at \$320 on condition that certain repairs were done. Further correspondence ensued regarding the nature of the repairs and amendments to clauses in the lease. The lease was finally signed on April 30.

#### FALSE PRETENCES

Appearing before Mr. E. Hims-worth at Kowloon Magistracy on Saturday, Li Yuk alias Li Kam-chi, 22, was charged with obtaining two sewing machines from Cheung Lai, 47, widow, of No. 1029 Canton Road, by false pretences.

It was stated that on Aug. 19 the defendant went to hire two sewing machines from the complainant saying that he was sent by the Wa Hing Tailor shop and offering her \$3 per month. He produced a forged agreement which bore the signature of the shop and gave the complainant an advance of \$4.

On September 10 the complainant went to the shop to collect the extra \$2, only to find out that she had been swindled. Three days later she found the defendant at No. 4 Tung On Street and had him arrested.

The defendant pleaded guilty and told his Worship that the two machines had been pawned at the Tak Sing Pawn Shop and Wing Yuk Pawn Shop for \$30 each.

He was sentenced to two months' imprisonment and to

REVOLT AGAINST  
TYRANNY

THE WRITING on the wall of Europe is daily becoming clearer for the whole world to read. Ominous signs of unrest among the victims of Totalitarian aggression are slowly, but steadily, developing and even the war blinded leaders of Nazism and Fascism cannot fail to understand the effect of these omens. The news from Europe at the week-end showed that the inevitable is happening and that the first shot in the revolt against tyranny by Herr Hitler's "conquered" subjects will be fired before very long. The most important of these portents was the report that the puppets at Vichy had openly defied the Axis Powers by refusing to accede to demands made on them for the demobilisation of all French troops in North Africa and for the surrender of over half of the live stock in unoccupied France. It is easy to see that only fear for the future and nervousness and uncertainty over the outcome of the Battle of Britain could have induced the European dictators to thus openly show their hand. The overwhelming significance of these demands was apparently not lost upon the deluded principals of the Vichy Government and, even though their sudden turn against their despotic masters will lay them open to further acts of brutality and terrorism at the hands of Europe's tyrants, it must, at least, be placed to their credit that their action will encourage the other victims of a plundered Europe to join in a firm stand against the aggressors.

FROM THE MOMENT that France was betrayed into capitulating to Germany, political writers and observers have sought to point out that the crime so foolishly committed by a handful of ill-advised and selfish men could not be held against the people of France. The French

EUROPEAN  
SERGEANT  
CHARGED

Lance-Sergeant Charles Blackburn, of the Hongkong Police Force, was charged with manslaughter before Mr. G. T. Lowry at the Central Magistracy on Saturday noon.

Blackburn was accused of causing the death of a Shantung constable, PCD233 Wong Shau-yl, who died at the Queen Mary Hospital at 7 a.m. on Saturday morning.

Det.-Insp. J. O'Donovan, who is prosecuting, was granted an application for an adjournment for a week by the Magistrate. Bail in the sum of \$500 was allowed.

have for years prided themselves on the principles of liberty and justice on which their nation has been built through centuries of hard strife. The decision of the puppets at Vichy to place the country under the Axis yoke was never accepted as a permanent future for the French Empire. Heartened by the efforts which General de Gaulle has been making to rally all true Frenchmen to Britain's side against the aggressors, more and more of France's colonial possessions have responded to the call. This was what caused the seed of fear in the minds of the dictators of Europe to start growing and the pressure they have now applied on the Vichy Government was undoubtedly for the purpose of preventing, as Mr. Wickham Steed said in his broadcast on Friday night, other French possessions from joining General de Gaulle's banner. The refusal by Marshal Petain and his associates to submit to the indignities

of the Axis demands will undoubtedly bring the worst of reprisals from Herr Hitler on them and may, temporarily at least, lead to the complete occupation of that part of France which has been described as "free." There is no doubt, however, that any hesitation which other French colonial possessions may have had about throwing in their lot with General de Gaulle will now be abandoned and the French nation should soon be able to continue their struggle for liberty from outside the boundaries of their own plundered country.

THERE ARE OTHER, and even more ominous, signs for the Axis Powers in an uneasy Europe today. The firm demand made by Soviet Russia for inclusion in any conference that might be held to decide the Balkan issue is an indication that M. Stalin, convinced now that Herr Hitler cannot succeed in his fight against Britain, sees in the position of the Axis Powers the opportunity for which he has been waiting to get his share of the Balkan carving up. This latest development gives foundation to the recent reports that the relations of the Axis Powers with the Soviet were far from amicable. The Soviet demarche, indeed, must have provided Germany and Italy with their rudest jolt and their fears for the immediate future cannot but be tremendously increased. Combined with the difficulties which are being experienced in putting their "settlement" of the Rumanian question into operation and the simmerings of discontent that remain unabated among the other Balkan States which have been involved, either directly or indirectly, in the aggressors' ideas of the future of South-East Europe, Herr Hitler and his associates will now be confronted with further obstacles in putting

# HITLER'S INVASION PLANS BY INTENSIVE R.A.F. RAIDS ON FRENCH CHANNEL PORTS

## THUD OF BOMBS FELT IN KENT: OBSERVER STATES COAST SEEMED ON FIRE

LONDON, SEPT. 15 (REUTER).—FROM DUSK ON FRIDAY TO DAWN YESTERDAY R. A. F. BOMBERS CARRIED OUT THE most intensive bombardment of French Channel ports yet experienced in the war; watchers on the English coast saw the raid start with flashes of bombs, and shell bursts and tracer bullets were seen all along the coast from Boulogne to well north of Dunkirk.

One watcher on the English coast said: "Miles of the French coast seemed to be on fire. We could feel the thuds of bombs and the Kent coast seemed to shake from the explosions."

## NOON RAID ON LONDON

chased out to sea by a British plane. A number of people were injured when one of the bombs hit a shop and some blind persons were hurt when another dropped near their house. It is believed that the plane was brought down.

### MINOR INJURIES

Five bombs were dropped at another south-west coast town resulting in damage to property. Only one casualty was reported, however, although several people received minor injuries.

The all-clear was sounded at 3 p.m. (G.M.T.) and was followed by the sixth warning 39 minutes later.

An Air Ministry communique states that two enemy bombers were shot down by anti-aircraft guns in the early hours of the morning—that is during the night attack. This makes three during the night.

Six more enemy aircraft have been shot down by our fighters during yesterday's raids in addition to the two announced in our earlier communique.

The total enemy aircraft destroyed, reported up to 7.30 p.m. (G.M.T.) was 11. Four of our fighters were lost but one of the pilots is safe.

### A COMPARISON

Early reports of last night's raids indicate that the damage was slight compared with the other night raids this week and casualties few.

During the last alarm period, which terminated at 2.50 a.m., a number of high explosive and incendiary bombs fell mostly on the eastern and northern fringes of London and some damage was caused.

## CHOLERA IS CLAIMING 100 DEATHS PER WEEK

Cholera epidemic in Hongkong has become so widespread that in about three weeks the disease has claimed no less than 311 victims. Up to yesterday, more than 400 cases had been reported to the Medical authorities including 50 infant cases, 200 women and an equal number of male cases.

To cope with the situation the Medical authorities have assigned additional staff to do special work, and Sanitary inspectors, coolies, ambulance men etc., are doing double duty.

Doctors, nurses and members of the St. John Ambulance Brigade have also been called out and are doing splendid work in helping to combat the epidemic. Additional inoculation centres have been set up in various districts both in Hongkong and the mainland.

Well, considered "dangerous" to public health have been sealed while some have already been filled and the problem of water supply is now being solved by construction of pipe-borne water standpipes in Kowloon City and Shek Kip Mei Village, where the epidemic is worst.

## Attraction For Parties At Week-End

MINIATURE GOLF FOR RITZ

The Ritz, one of the most modern and up-to-date amusement centres in the Far East, which was opened recently, has proved a great attraction for week-end swimming and dancing parties.

Representatives of the Press were given an insight into the workings of this latest "playground" in the Colony when they made a tour under the guidance of Mr. Giam Lao, manager.

The swimming pool, beautifully designed and laid-out, measures 100 by 50 feet and has a depth of 10 feet at one end and four at the other. Along with the bigger pool there is a smaller one for children which is four feet at the deepest end.

Mr. Lao explained that the water, which was pumped into the baths from the sea, was first filtered and then chlorinated, and the baths are designed in such a way that the water is constantly being changed.

Every Tuesday and Saturday mornings the baths are emptied and thoroughly cleaned. The soda fountain, where ice-cream and various hot and cold drinks can be obtained, is neatly arranged and joins the restaurant with the swimming pool, having access from both sides.

The restaurant forms the eastern wing of the building. Its colour scheme of green and white and the soft lighting have a very soothing and pleasant effect.

Mr. Lao revealed that a miniature golf course, plans for which are in hand, and a roller skating rink, will soon be added to the activities of the Ritz. The swimming pools, Mr. Lao told our representative, will remain open for as long as the weather permits and that there was a possibility of heating the baths in winter.

## EXILED QUEEN RETURNS HOME

BUCHAREST, SEPT. 14 (REUTER).—Colourful scenes were witnessed on the Rumanian-Yugoslav frontier yesterday when King Michael of Rumania met his mother, Queen Helen, who returned to her country after a 10-year exile.

Queen Helen, who arrived from Florence, was warmly greeted by her son and, after presentations to officials, entered a train for Bucharest.

A body of 100 green-shirted Iron Guards were drawn up on the platform, while German and Rumanian women in their national costumes presented bouquets to the Queen.

General Antonescu, the Premier, who was to have been present, was stated to be detained in Bucharest by business of State.

## THE WEATHER

The maximum temperature yesterday was 88 and the minimum 78. Cooler weather is forecast for today.

Total rainfall since Jan. 1 is 111.42 inches against an average of 72.40.

The Royal Observatory report states:—A moderate anticyclone covers Mongolia and N. China, and is extending southward.

The northern depression is moving eastward across Hokkaido. A trough of low pressure extends from Annam to the Mariana Islands, and the typhoon is probably situated about 300 miles to the north-west of Guam, moving slowly N.W.

WASHINGTON, SEPT. 15 (REUTER).—The Conscription Bill finally passed Congress in compromise version and was sent to the White House for the President's signature.

The first 75,000 conscripts are expected to be called up on Nov. 1. They will be selected from approximately 16,500,000 men between the ages of 21 and 35 whose registration for military service is required by the Bill.

The Bill also provides for the conscription of industry to the extent that Government may take over factories on a rental basis whenever such a step is considered necessary and there to have defence orders filled.

The House of Representatives passed the Bill by 232 votes against 124 after the Senate had passed it earlier in the day by 47 votes against 25.

Shortly after the Bill was passed President Roosevelt sent to Congress a request for an additional defence appropriation of \$1,734,000,000. This includes a sum of \$25,000,000 to launch the conscription scheme.

LOCAL RUGGER  
PLAYER KILLED

News has been received in the Colony of the death of Lt. I. M. Anderson, R.N., while on active service.

Lt. Anderson was a well-known Rugby player in Hongkong, representing the Colony as a wing-forward against All-Malaya in February of last year and playing for Combined Services against Shanghai during the same month.

First playing Rugby at Dartmouth and later representing Greenwich, he was undoubtedly the Colony's leading wing-forward during the 1937-8-9 seasons.

Stationed on H.M.S. Medway, he was a member of Navy's triumphant Triangular Tournament teams of those two seasons.

BISHOP VALTORTA OPENS  
ST. TERESA'S HOSPITAL

The formal opening of St. Teresa's Hospital, in Prince Edward Road, Kowloon, took place on Saturday afternoon, the Right Rev. Henry Valtorta, Vicar Apostolic of Hongkong, officiating.

After the opening speech and a prayer, the building was blessed with holy water and its majestic portals, opened by His Lordship who then turned round to the crowd and beckoned them to come in.

In his opening address the Bishop said:—"Prince Edward Road affords a striking instance of the incredible growth and development of the town of Kowloon, as well as of the activities of the Catholic Church in it."

What, only 20 years ago, was a rough country path between Kowloon City and Shamshuipo—a path along which I loved to walk crossing hills and streams—is now a fine avenue flanked by beautiful homes and buildings.

Where there could be numbered at most a few Catholic families of farmers, there exists now a large parish with about 6,000 Catholics, with colleges and schools and convents—and now this big new hospital, which will be known as St. Teresa's Hospital.

## NEED FELT

Expressing his pleasure at being able to perform the opening ceremony, he said that the building of such a hospital was suggested 20 years ago, when there was no Government hospital in Kowloon and the need was felt keenly. In spite of greatly increased facilities,

the need is still great today because of the enormous increase in population caused by the many thousands seeking refuge from war-torn China.

## MEMBERS OF CHRIST

"This hospital will, I am sure, be appreciated by all," he went on. "People like to be cared for and nursed by religious Sisters when they are ill, because in addition to their technical nursing skill the Sisters know how to say a word of consolation and comfort to those who need it; such words are often better than medicines."

"The Sisters' put love into their task because they minister to the suffering members of Christ. They have a devotedness that comes to them from an intimate sense of religious duty and which, therefore, goes far beyond professional service."

Saying a word of appreciation to Sisters in general, he pointed out that without exception, no matter what their nationality or country of birth—European, Chinese or American—they can be relied on to be of service to all in time of emergency.

## LEPERS ASYLUM

"When the idea of a lepers asylum in the Colony was under consideration, all our Convents without a single exception, offered their services; and when cholera was raging they volunteered as nurses. The medical authorities of the Colony may count on them always."

I have always particularly desired a hospital for incurable destitutes—such as are to be found in all our public hospitals—for those human wrecks who creep into hospitals to die, and in the overcrowded state of some of our large hospitals must sometimes lie on the floor till the merciful end comes.

## FORLORN DESTITUATES

The programme was arranged by Messrs. Vic Labrum and A.C. Houghton.

unable to be present but expressed his warm appreciation of the facilities which the new hospital in Kowloon afforded the public.

On behalf of the medical fraternity, Dr. Bunje thanked the Sisters for the new hospital "where we will be able to carry on our work and patients will get better in spite of us" (Laughter).

# Macdonnell Road Case Judgment

Continued from Page 5.

June 27 defendant wrote to plaintiff's solicitors contending that under Section 7 of that Ordinance it was a criminal offence both for a landlord to ask rent in excess of the assessor's figure and for a tenant to pay it. When the rent collector called on defendant early in July he was offered only \$278 rent. A letter from plaintiff's solicitors followed informing defendant that he must pay \$320 and that the ordinance did not apply.

Defendant next consulted his solicitors who replied to plaintiff's solicitors' letter to the effect that the Ordinance did apply; that defendant had in fact overpaid \$128 (i.e. \$42 per month for April, May and June) and that all he should pay in July was \$278 minus \$128 i.e. \$150 in due course solicitors for plaintiff issued the present writ.

Solicitors for plaintiff in the early stages of the correspondence had contended that the Prevention of Eviction Consolidation and Amendment Ordinance, 1939, had no application to the case, later contended that the Ordinance did apply. In support of this view they quoted Section 9 of the Prevention of Eviction Ordinance of War Property Tax which states that that Ordinance does not apply to any dwelling house to which the Prevention of Eviction Consolidation and Amendment Ordinance applied; as the Prevention of Eviction Consolidation and Amendment Ordinance by Section 2 (2) applied to all dwelling houses except those let furnished and the

premises in question were not let furnished the Prevention of Eviction Consolidation and Amendment Ordinance applied here.

## NO ARGUMENTS

At the hearing of the case no arguments were produced in support of this view and I was at first of the opinion that the Prevention of Eviction Ordinance of War Property Tax Ordinance applied to all tenements except dwelling houses occupied by sitting tenants (i.e. tenants on or prior to June 3, 1938). Further study of the two Ordinances has since satisfied me that there is substantial merit in the contention.

I, therefore, wish to keep open the construction of Section 9 of the Prevention of Eviction Ordinance of War Property Tax Ordinance so that I may hear argument on it should it fall to me to consider any case under this Ordinance in future. As it happens the correctness or otherwise of the contention makes no difference to my decision in the present case.

At the hearing solicitor for the plaintiff maintained that as the original tenant was a sitting tenant and had assigned all his rights under the unexpired portion of the lease to the defendant, the defendant became a sitting tenant even though the assignment was dated later than June 3, 1938. This case should, therefore, be considered under the Prevention of Eviction Consolidation and Amendment Ordinance, 1939.

Solicitor for the defendant maintained that the sitting tenant's rights under the Prevention of Eviction Consolidation and

Amendment Ordinance could not be assigned, and with this I agree. As the Sections in our Ordinance dealing with the rights of sitting tenants are derived from English Acts there is ample authority on which one can rely. In *Gee v. Hazleton* and others (1932) 1 K.B. 179 at 182 Scrutton L.J. said:—

"The difficulty with the Rent Restriction Acts was for a long time that neither Parliament nor the Courts were clear whether the Rent Restriction Acts were intended to give a property to the tenant, which he could transfer to other people or whether—and this I think, is the view now well established—they confer a personal privilege only on the tenant occupying the dwelling house." This is clear authority to show that the sitting tenant cannot assign his rights under that Ordinance.

## NOT SITTING TENANT

Having so held that the defendant was not a sitting tenant I adjourned the case in order that I might hear argument on the applicability of the Prevention of Eviction Ordinance of War Property Tax Ordinance to the matter in issue. At the later hearing solicitor for the plaintiff contended that though the Prevention of Eviction Ordinance of War Property Tax Ordinance envisaged a form of standard rent based on the assessor's figure there was no clear indication in the Ordinance that the ordinary right of the landlord to fix his rent by agreement with the tenant had been taken away.

He referred to Beale—Cardinal Rules of Legal Interpretation, 3rd Ed., p. 385: "Statutes do not take away existing private rights except by express words, or by plain implication, or necessary intendment." Section 7 made it a criminal offence to demand the payment of premiums, etc. as a condition of the grant, renewal or continuance of a tenancy. No section prevented a landlord from entering into an agreement with anyone whether an ex-tenant or not for the lease of premises at any figure irrespective of whether it exceeded what the assessor considered a fair rent.

Solicitor for the defendant relied on Sections 4 and 5 of the Ordinance. Section 4 provides that as from March 31 no landlord is to demand an increase of rent from his tenant in excess of the figure fixed by the assessor or the Court. Section 5 provides that no rent raised since that date in excess of such figure is recoverable from the tenant and that any excess so paid by the tenant is recoverable from the landlord.

## CONTINUED BY CONSENT

He argued that the Court should find the rent had been so raised: even though the tenant had been holding over until April 30 there had been no demand by the plaintiff that he should vacate. He continued as a tenant by consent.

If the Court were to hold that this was not a case of raising of rent within these Sections then the object of the Ordinance would be defeated and landlords could give their tenants notice to quit and, therefore, give them a new tenancy at increased rent.

One answer to this point is that the Ordinance nowhere prevents the landlord terminating the tenancy (where the tenant is not a sitting tenant) and obtaining a new tenant at a figure in excess of the assessor's figure, thereby passing on the War Tax to the new tenant.

Can it be said here that the landlord has demanded an increase from his tenant in excess of the assessor's figure? No provision in the Ordinance entitles a tenant to retain possession after the expiry of his period nor does any Section prevent an order for the recovery of possession being made. In the increase of rent etc. (Restriction Act) 1920 by Section 5 the landlord's right to possession is restricted and by Section 15 the tenant who holds over remains entitled to the benefit of all the terms and conditions of the original contract.

## ORDINARY MEANING

If this Ordinance contained similar provisions it would be clear that the expression "tenant" was being used in a special sense, i.e. as including a person who might be described as an ex-tenant. There is, however, nothing in the Ordinance to show that the word "tenant" has any other than its ordinary meaning. On March 31 the period of the lease had expired and the land-

# FRENCH POLICE CLOSE CONCESSION ROADS

## CARS, PEDESTRIANS SEARCHED

The sight of barricades on the French side of Avenue Edward VII and Foch, in Shanghai, gave ground to many rumours on Sept. 2, some thinking that these were erected in view of the serious situation in Indo-China, where the French colonial government has received an ultimatum from the Japanese for passage of troops into China, and the effect it would have upon the French Concession.

## MINUTE SEARCHES

Questioned by a reporter of the North China Daily News, a high French police official ridiculed these rumours and stated that these barricades had been put up in order to carry out more minute searches of cars and pedestrians entering the Concession.

Recent outbreaks of terrorist acts against members of the French police, the slaying and abducting of several prominent Chinese, have forced the French authorities to take a more serious view of the situation.

## NO ARRESTS

The same official stated that these barricades would remain on the Concession boundary for some days, and that these measures would be retained as long as terror-reigns in the foreign areas of this city.

Although no roads have been closed by the International Settlement Police, stricter searches were the order of the day, specially after Tuesday's assassination of Mr. Liu Tsai-po at the Kin Hwa Restaurant in Foochow Road. Investigations are being carried out, but no arrests have yet been made.

lord could have got immediate possession. Because he allowed the defendant to remain on pending the arrangement of new terms there may have been constituted a tenancy at will, but I consider it a straining of language to say that in such a case the landlord is demanding an increase from a person who is his tenant.

I hold that Section 4, 5 and 6 are appropriate to cover cases where the original tenancy is subsisting and during that period the landlord demands an increase. In my opinion they cannot be stretched to cover cases such as this one where the tenancy has expired and the landlord being entitled to possession enters into a new tenancy agreement.

If I am right in this view it is apparent that it will not be a difficult matter for landlords to defeat the object for which this Ordinance was passed. I give judgment, therefore, for plaintiff for \$320 and costs.

# WOMAN OF 86 NURSES WOUNDED

## For Third War In Succession

Officers of the B.E.F. back in London with wounds received in Flanders, are going into a nursing home which was started for their grandfathers in the Boer War and in which, throughout the last war, their fathers were nursed, writes an "Evening Standard" reporter.

The woman who founded it and still runs it is one of the most energetic personalities in England. In her 87th year, she still has an upright bearing and a downright manner which are instant proof of the efficiency with which the home is run.

In between wars she has nursed many famous people. Members of the Royal family have been her patients; King Edward VII. went into her

lance. A giraffe neither roars nor whistles; it is voiceless.... (There are at least 10,000 earthquakes a year in the world.... World's yearly sugar output is 30,000,000 tons....

## ROYAL FRIENDS

Signed photographs of three generations of Royalty who have been her friends, and with whom she has stayed on the few occasions when she has taken a holiday, line the walls of the Edwardian, chintz-hung reception-room of the home.

This woman, who seems to have been endowed with perpetual youth and strength, is as strict with the young Guards officers, now under her care as she was with their grandfathers and fathers before them.

The few rules which she has laid down—about smoking and about visiting hours—must be kept.

There are 20 beds in the home. Each is full. And this woman, with all her long experience of fighting men, will tell you she has "never seen a more dauntless spirit than is theirs."

# NEW NIGHTSOIL REMOVAL METHODS IN HONGKONG

## Combating The Cholera Menace In The Colony

Drastic changes in the present method of removing nightsoil are foreshadowed in a new scheme now being prepared for the more sanitary and efficient method of removing nightsoil in Hongkong. It is reliably understood. The new scheme is designed to play a vital part in the control of infectious diseases such as cholera and dysentery.

Under present arrangements nightsoil is removed by coolies. Household holders are allowed to use any sort of buckets. The coolies empty the buckets into containers, and then sluice round the buckets with a dash of water which is often poured into the drain, and the empty buckets are returned to the household.

The first phase of the new scheme calls for standard, covered containers in each household, mechanical transference of the contents, and mechanical washing in a "tank truck."

**TANK TRUCK**  
This "tank truck" is an important part of the scheme. It will follow the collecting trucks, and as each container is emptied, it is passed on to the "tank truck," inside which there will be means for cleaning the containers out with a strong jet of water before they are returned, bright and shining, as it were, to the householders.

The collecting truck will, in turn, transfer its own contents on the water-front to the boats.

**PRELIMINARY PART**  
This, however, is only the preliminary part of the scheme, and although it marks a great improvement on present methods, it is not the ideal finally aimed at. This ideal calls for the provision of two covered containers to each household. A different system will then be used.

## Odd Goal Win For Saints Over Chinese

In an interesting soccer match, played at Caroline Hill yesterday, St. Joseph's beat South China by the odd goal in five.

In the first half, St. Joseph's had a slight edge over the Chinese and at the interval were leading by two goals, scored by Woo and Man Che-ki.

On resumption, the Chinese attacked strongly and two goals were scored in quick succession by the centre-forward, Chan Chung-yiu. Ten minutes before the interval, the Saints forward line made a raid on the South China goal and as a result of a centre from the right, Maher scored with a header to place the Saints in the lead.

### BEST OF FORWARDS

For the losers, Kam Ka-pu and Lim Tak-po played well in defence, while Chan Chung-yiu, Chow Man-chi and Lee Shek-yau were the best of the forwards.

For St. Joseph's, S. Tsang was safe between the sticks and Hussain, D. Leonard and Honnibal were the pick of the defence. The forward line was mainly composed of the regular St. Joseph's defence line, but nevertheless gave a good account of themselves.

**SOUTH CHINA:** Ho Po-pui; Tse Kam-hung and Kam Ka-pu; Tang Shat-hung, Lim Tak-po and Luk Tat-hang; Li Din-kee, Li Shek-ho, Chan Chung-yiu, Chow Man-chi and Lee Shek-yau.

**ST. JOSEPH'S:** S. Tsang; A. J. Hussain and D. Leonard; Omar, Castillo and Honnibal; S. Victor, Man Che-ki, Louis Woo, Maher and Ali.

### PLAYER LEAVING

St. Joseph's will soon lose the services of one of their star players, R. G. Honnibal, who played for Hongkong against Shanghai this year.

He is leaving for the Northern port on business next month.

## LOCAL BASEBALL

# CHUNG HWA DEFEAT U.S.S. TULSA BEFORE VERY SMALL CROWD

Playing to the smallest crowd of paying "customers" seen out at Caroline Hill this season, Chung Hwa defeated the U.S.S. Tulsa by 14 tallies to 9, in a challenge match in aid of the "S.C.M. Post" War Fund.

Neither squad was at full strength, but they staged a slug-fest that, at different moments, lifted the spectators off their seats and just as abruptly let them down again.

After retiring the Chinese in 1-2-3 order in the opening frame, the Tulsa boys jumped into an early lead in their half of the same stanza, with two tallies scored by Maxwell and Latham. Chung Hwa scored through Granpop Leung in the second when he singled and was driven in by Bill Chang's triple to right, after which the latter was nailed at the plate in an attempt at stretching his hit for another base.

### FIVE RUN RALLY

Chung Hwa came to light with a five run rally in the next stanza, when Guinn allowed Harry Chinn to start things off, by dropping the latter's liner. Chung doubled to right field, following which Hank Ali singled to drive in Chinn. Lau's bingle drove in Chung. Ali also scoring as the Tulsa boys threw the ball around the field.

Maxwell missed Leung's ground-er to allow Lau to cross the pan and "Granpop" advanced to third on two passed balls which put him in position to score on Bill Chang's neat sacrifice bunt.

The Tulsa outfit stayed in the race when, in their half of the same frame, Latham, singled, after Maxwell had grounded out Lau to Leung. Guinn following only to be put out the same way, after which Pete Peterson drew a pass.

"Bolo" Osazajac drove in Latham with a timely bingle and Richardson singled to push home Peterson, "Bolo" going to third. With

Richardson on first, Bill Chang, without any apparent reason, unleashed a wild peg over first base allowing Bolo to trot over the last stretch, putting Tulsa but one tally behind.

**"CHINESE FIREWORKS"**  
Harry Chinn again started off "Chinese fireworks" in the fourth, connecting with the first of his team's seven bingles which, aided by several opposition fielding errors, led to markers being tallied by Harry Chinn, Richardson Chang, Hank Ali, Babe Chinn, Chung, Choy and Cecil Wing Lee.

Although the Chinese managed to score one more marker in the fifth, in which frame McClanahan replaced Lefty Stockton on the "Tulsa" mound, they never looked like scoring again as McClanahan chalked up six "strike-outs" in the last three frames. After Richardson had clouted a sizzling homer in the sixth, the Tulsa boys staged a belated rally in the final frame that netted them three tallies through Maxwell, Guinn and Latham, before the Chinese ended the rally and the game with a neat double killing through Chung, Ali Lau and "Granpop" Leung with "Bolo" Osazajac and Richardson as the victims.

### FIGHTING DISPLAY

Despite being without many of their regulars, the Tulsa aggregation put on a fighting display and looked to have a chance when they started hitting in that final frame, but the breaks were not with them and they fell short by a margin of five tallies, which was definitely flattering to the winners. Scores were:

Chung Hwa, 1234567  
Runs 0157100-14  
Hits 1237100-14  
U.S.S. Tulsa

Runs 2030013-9

## EASTERN BEAT POLICE 3-2

In a friendly soccer practice game played on the Police ground yesterday afternoon Eastern defeated the Police "A" by 3-2. The scorers were: Cheung Kam-hoi (2), Fung Kuen-seng (1) for Eastern and Gordon (2) for Police.

At the beginning the Police attacked but failed to score. Eastern forwards, well supported by their backs, found the net through Cheung. The Police soon recovered when Gordon netted.

Cheung scored a second time and the first half ended 2-1 in favour of Eastern.

The second half was more closely contested. Eastern settled down soon after the interval and Fung Kuen-seng headed in a goal.

A few minutes before the end Moss centred excellently and Gordon scored for the Police.

**EASTERN:** Wong Cheung; Chan Ying-fat, Tsui Po wan; Lau Chichan, Hsu King-seng, Yu Hop-hing; Cheung Yung-sam, Foo Chak-pun, Cheung Kam-hoi, Fung Kuen-seng and Han Ching-to.

**POLICE:** Taylor; Blackburn (Pope), Chan Kwong-yu (Blackburn); Pope (Mak Hon-fan), Parker, North, Wong Man-kwai, Howlett, Gordon, Ferrier and Moss.

### R.A.F. WIN EASILY

The R.A.F. defeated the Police "B" team 9-2 on the Police ground yesterday. Scorers for R.A.F. were: Butty (4), Mansfield (2), Richardson (2) and Souly and Kong Hing (2) for Police.

**Pearson, Saw and Hellades.**  
**KWONG WAH—Lau Hin-hoi;** Chung Fai-lam and Leung Pak-wai; A. V. Gosano, Pereira, Chong Nai-shing, Tin Yung-fat, Cheuk Shek-kam, B. T. Gosano and Wong King-chung.

**NAVY RAN RIOT**  
At Causeway Bay Navy ran riot against 8th Hy. Bty. R.A., netting 13 times to their opponents' once, ten of Navy's goals being scored in the second half.

Purdue, the gunners' goalie, played a good game despite the heavy score against him and was very daring in some of the save that he brought off.

Scorers were Hendy (4), O'Regan (3), Philpotts (3) and Bourne (3).
